

## Trangleball Set-up

The Trangleball kit includes:

The Trangle (the pyramid)

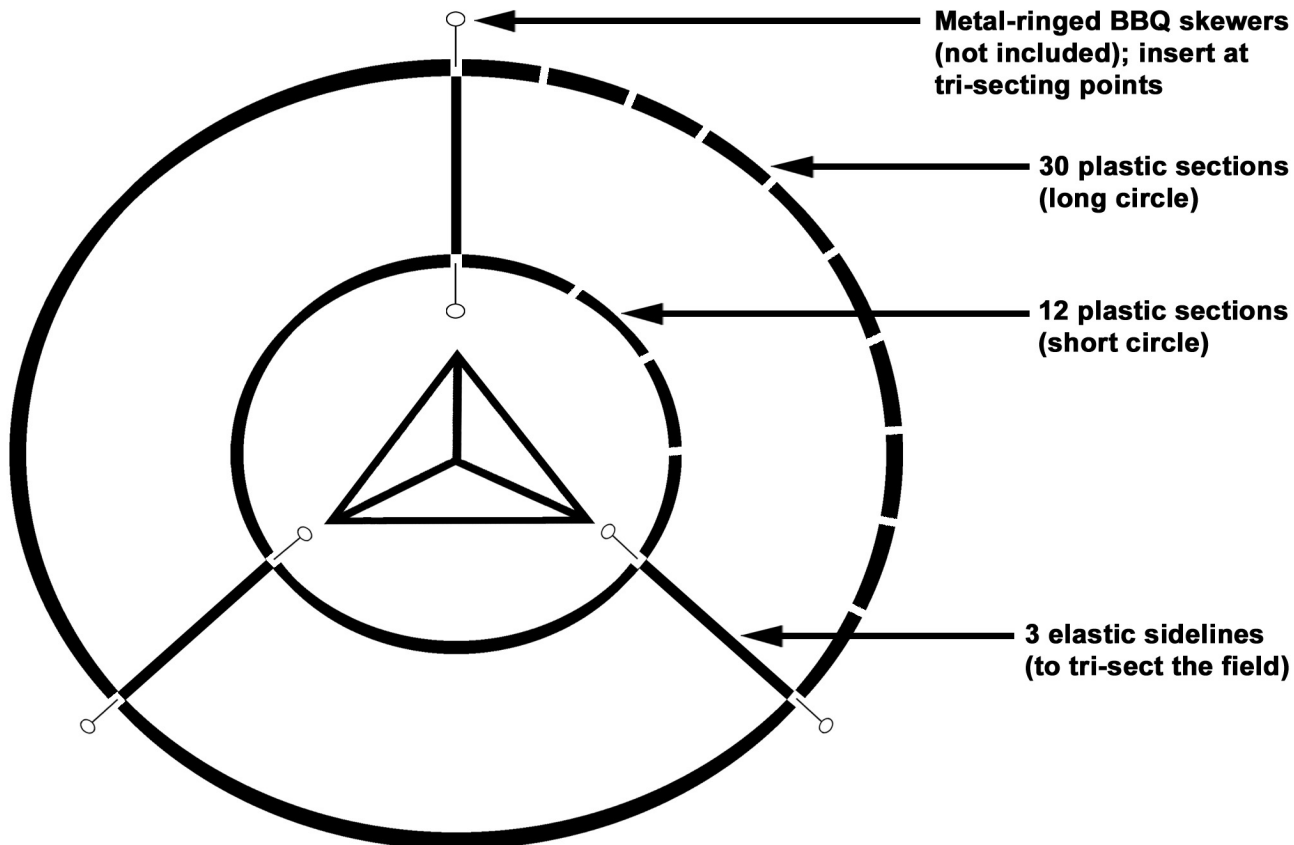

The court (42 plastic tubes and 3 elastic sidelines)

6 (Trangle) balls

3 hi-bounce rubber balls

**Please Note:**  
Ringed skewers  
are not included

- Set Trangle (in middle).
- Create the short circle by connecting 12 tubes (7.6' from the center of Trangle).
- Create the long circle by connecting 30 tubes (19.1' from the center of Trangle).
- Insert the ringed skewers (not included) by disconnecting the tubes at the tri-secting points. Re-attach the tubes.
- Tie the elastic sidelines to the stakes (all 6).
- Make sure the Trangle is placed in the center of the field with each of its corner points determining the sidelines.

For hard-court set-ups, place a carpet remnant or mat under the Trangle for better rebounds.

**WARNING:** Adult supervision is required for children under 10 years of age. The Trangleball structure is strictly for rebounding rubber balls. DO NOT CLIMB, SIT OR APPLY UNNECESSARY WEIGHT.
